

Active Fedora - Bug # 449: using has_metadata breaks support for custom pids

Status:	Closed	Priority:	Normal
Author:	Matt Zumwalt	Category:	
Created:	08/10/2009	Assigned to:	
Updated:	08/10/2009	Due date:	
Subject:	using has_metadata breaks support for custom pids		
Description:	the initialize block in Base is simplistic about how to set @new_object, which screws up the configure_defined_datastreams method call if you provide a custom pid.
